# Vice-Chancellor's Welcome

Welcome to the University of New South Wales (UNSW), one of Australia's leading research and teaching universities. We offer the highest quality of education, by setting progressive, rigorous and internationally relevant curricula. Our degrees are recognised worldwide, with a focus on key contemporary and social issues.

Our University is a destination of choice for students with the highest potential from all backgrounds. Our graduates are globally focused and rigorous scholars, capable of leadership and professional practice in an international community. Many have become leaders in business, industry, government, the professions and in research.

Over 900 programs are available from Bachelor degrees (pass and honours level), Master degrees (research and coursework) to Doctor of Philosophy. Graduate Diplomas and Graduate Certificates are offered in certain programs. UNSW Foundation Studies prepares international students and students with an international background for entry to Bachelor degrees.

UNSW Foundation Studies programs have been offered on campus since 1989 and provide an excellent preparation for university study as well as a university entry qualification. These programs help international students from a wide variety of educational backgrounds to meet the challenging academic entry standards of UNSW and to develop the study, language and cultural skills needed to succeed at university in Australia.

UNSW has been committed to an international focus since 1951. We believe it is critically important to engage globally and regionally through learning, teaching and research. Our current international student population is drawn from 120 countries with one in four students coming from overseas.

You are invited to explore our dynamic campus and to share in the excellent educational experience UNSW has to offer. We hope that you will choose to join the UNSW community and take up the opportunities that are available to you here.

## Why Choose UNSW?

The University of New South Wales (UNSW) is Australia's first international university. It provides a dynamic learning environment across nine faculties.

UNSW is a leader in Australian tertiary education and occupies a premier position in the Asia-Pacific region as a dynamic source of innovative teaching and research.

Established in 1949, UNSW works closely with industry, business and public research bodies nationally and internationally to ensure programs are relevant to today's fast-paced and ever-changing world. Teaching and research are core activities of UNSW and our students belong to a university which is:

- committed to providing excellent service and facilities for international students
- ranked 46th in the world in the 2010 *QS World University Rankings*
- recognised as the top university in Australia for teaching and learning in the latest Australian Federal Government's Learning and Teaching Performance Fund
- ranked 4th top research-intensive university in Australia based on the Australian Research Council's *Excellence in Research for Australia Report*

- a member of the prestigious Group of Eight (Go8), leading teaching and research universities in Australia
- a member of Universitas 21, a consortium of the world's leading research universities from Asia, Europe and North America and consistently ranked in the top 50 universities in the world
- a major recipient of competitive research grants from industry and government bodies such as the Australian Research Council
- ranked in the top band of Australian universities by the Australian Government's Committee for Quality Assurance in Higher Education
- continually striving to cultivate global alliances to enhance the quality of the educational experience for students and staff
- proud to contribute to Australia and the Asia-Pacific region through research and scholarship
- 5 star rated in 8 key performance indicators in the 2011 Australian *Good Universities Guide*
- determined to strengthen UNSW's position as a leading international university with world-renowned academics and world-class facilities.

---

## UNSW prepares graduates for global career opportunities and challenges

UNSW aims to attract the best students and provide national and international opportunities for graduates as global citizens of high standard. In today's professional environment, all graduates benefit from a global outlook. A degree from UNSW is recognised worldwide and, through one of Australia's largest international exchange programs, we offer opportunities for study in the Asia-Pacific region, North America, Latin America, South Africa and Europe.

Students who select UNSW are seeking:

- top starting salaries
- fast-track career advancement
- a passport to the best jobs in Australia and internationally
- an international study environment
- connections to a vast and influential global alumni network
- a blend of applied and theoretical teaching
- to study in some of the top-ranked faculties in Australia
- an education alongside other highly-motivated students
- lectures taught by some of the leading academics in their field in Australia and also internationally
- an enriching student and cultural experience.

UNSW is highly recognised internationally and is ranked as the 46th university in the world and 35th in the world for employer satisfaction of graduates.

UNSW is a leader in Australian tertiary education and occupies a premier position in the Asia-Pacific region as a dynamic source of innovative teaching and research.

# Living in Sydney

---

Sydney is Australia's largest and most dynamic city. It is an exciting and ever-changing urban centre and ranked as one of the world's most liveable cities\*. Sydney is vibrant and cosmopolitan with a diverse and unique lifestyle. Importantly, Sydney is considered to be safe, clean and green.

## Australia's Cultural Gateway

Located on the south-east coast of Australia, Sydney is the gateway to Australia and home to over four million people. Sydney is also one of the world's most multicultural cities, where you can experience the food, entertainment and customs of the world. It is the major point of entry for international airlines operating in Australia and offers more entertainment, shopping and sightseeing than any other Australian city.

## Major Events, Markets and Shopping

Sydney hosts many major cultural and sporting events, thousands of eateries and restaurants from many different cultures, excellent shopping options and an exciting and diverse nightlife. Lively weekend markets are a feature of areas such as the famous Rocks district, Paddington, Balmain and Chinatown. They provide a cheaper shopping alternative to the wide range of department stores and designer outlets.

## Friendly People

Australian people are typically friendly and easy to get along with. They come from culturally diverse backgrounds that range from Anglo-Saxon and European cultures to Asian, South American, African and Middle Eastern.

Australians are very accepting of the cultures of others. Indeed, Australians celebrate their differences and enjoy learning about the culture, religions and customs of visitors and their

fellow Australians. Currently over 50 per cent of Sydney residents were either born outside Australia or have at least one parent born overseas.

## A Mild Climate

There are four seasons in Sydney. Summer is from December to February, Autumn from March to May, Winter from June to August, and Spring from September to November. January and February are the hottest months in Sydney. Average temperatures in Summer range from 17 to 26 degrees and in Winter, from 8 to 16 degrees. Sydney's winters are generally mild. There is no wet season and rainfall in Sydney is usually spread evenly through the year.

## A Healthy Lifestyle

Sydney's warm and sunny climate is perfect for a healthy outdoor lifestyle. People enjoy a range of activities including cycling, swimming and surfing. The city centre is beside Sydney Harbour and features landmarks such as the Sydney Harbour Bridge, the Royal Botanic Gardens and the world famous Sydney Opera House. The city is surrounded by beautiful sandy beaches, national parks and mountain ranges suitable for bushwalking, hiking and camping all year round.

\*The Economist's Global Liveability Report 2010

Located on the south-east coast of Australia, Sydney is the gateway to Australia and home to over four million people. Sydney is also one of the world's most multicultural cities, where you can experience the food, entertainment and customs of the world's many cultures. It is the major point of entry for international airlines operating in Australia and offers more entertainment, shopping and sightseeing than any other Australian city.

# UNSW Foundation Studies – Celebrating 23 Years of Success

---

## Why choose UNSW Foundation Studies?

The prestigious UNSW Foundation Studies programs are accredited academic programs of UNSW and delivered on campus.

## Australia's Longest Running Foundation Program

UNSW Foundation Studies was established in 1988, and is the longest running provider of pre-university programs in Australia offering students a smooth transition into undergraduate studies. Foundation Studies programs provide both a university entry qualification and the specific skills and knowledge required to be successful in future studies.

## High Quality Learning and Teaching Programs

UNSW Foundation Studies has a reputation for high quality academic courses which provide sound preparation for success at university. Our innovative approach to learning and teaching fosters: a capacity for critical thinking and creative problem solving; the ability to engage in independent and reflective practice; and the skills required for collaborative learning and scholarly enquiry.

## Our main academic programs are the:

- Standard Program over 9 months
- Standard Plus Program over 12 months
- Transition Program over 4 months
- English Plus Program that comprises both the UNSW Institute of Languages 10 week Pre-Foundation English course and a Foundation Studies program.

See page 14 for details

## International Success

Over 15,000 international students have graduated from UNSW Foundation Studies, with the majority going on to achieve excellent results in their degree studies.

My time at UNSW Foundation Studies has definitely helped me to understand the education system in Australia and gave me a glimpse of what university is like. It allowed me to meet people and make friends from different cultures around the globe. It was a great opportunity and I really enjoyed the experience.

Jonathan Chan (Australia)

Stream of Study: International Studies | Preferred Bachelor Degree: International Studies

# UNSW Foundation Studies – A Rewarding Experience

---

## Why is UNSW Foundation Studies so popular?

The UNSW Foundation Studies programs guarantee a place in an undergraduate degree at UNSW in Sydney for international students who meet the specified entry requirements.

**Students study on the UNSW campus** where they have full access to all facilities and receive the best preparation for their future undergraduate studies.

**Students participate in class activities** that help develop their presentation and language skills, giving them greater confidence in the use of spoken English.

**Teaching follows university practice** with lectures and tutorials. Tutorial classes generally have about 18 students, ensuring that each student can receive individual attention.

**Students are able to consult with teachers** about their studies in additional sessions outside class time. All students also have the advantage of an academic support program where each tutorial group is assigned a dedicated teacher to advise on a range of matters to assist them as a group and individually. In these discussion sessions the students are provided advice on study skills, exam preparation and academic progress, as well as university undergraduate programs.

**Courses in the Foundation Studies curricula are specifically designed** to prepare students for their chosen degree and are continually modified as new areas of study emerge. The programs are overseen by the Academic Board of UNSW.

**Foundation Studies provides a safe, caring environment** with friendly, supportive advisers and teachers who have many years of experience teaching international students.

**Students are taught in a modern, well-equipped teaching building** that includes student recreational areas and a courtyard café.

**Foundation Studies has its own Residential College** that offers first-class accommodation with a high level of security and care.

---

**The program structure is flexible** and allows students to join at different times during the year and at different academic levels.

**UNSW Pathway Packages are available** providing students with a seamless study pathway between the UNSW Institute of Languages (if additional English language training is required), UNSW Foundation Studies programs and UNSW undergraduate degree programs – all on a single visa.

In Australia you can have a great opportunity for the future and it is a very good place to live. I've learnt to be myself and adapt to another lifestyle and culture.

Daria Shreder (Russia)

Stream of Study: Life Science | Preferred Bachelor Degree: Medical Science

# Our Successful Students

**Our Foundation Studies students have a proven record of success. Since our first students began in 1989, at least 85% have gained entry to undergraduate programs at UNSW or other Australian universities.**

UNSW Foundation Studies programs familiarise students with the local academic and social culture, and develop skills and knowledge that lead to a dedication to study and higher achievement. UNSW Foundation Studies also offers an advantage to superior students who often choose the foundation programs over completing final school qualifications in their own country, in order to gain entry to UNSW.

UNSW Foundation Studies graduates have excellent Student Progress Rates in their undergraduate programs at UNSW. Student Progress Rates are a measure of the percentage of students who pass the courses attempted in their degree. Generally our students demonstrate excellent overall academic performance when compared to other international students and local students at UNSW.

'I chose to study here to improve my English and learn how to be independent. My classes are well organised and there is a great cultural exchange. The teachers are nice, patient and very helpful and it's less stressful studying here.'

Sze Wing (Alice) Wong (Hong Kong) pictured with Professor Merlin Crossley, Dean, UNSW Science Faculty.  
Stream of Study: Life Sciences 2009 | Current Bachelor Degree: Medical Sciences - 2nd Year. 2010 UNSW School of Chemistry  
The June Griffith Memorial Prize and School Medal for best performance in Level 1 Chemistry

---

## Outstanding Academic Achievements – UNSW University Medal Winners

Over the years, a number of UNSW Foundation Studies students have gone on to win University Medals at the University of New South Wales. At UNSW a University Medal is awarded to the highest performing student who has completed an undergraduate degree program, usually at Honours level. We are extremely proud that Foundation Studies students have won the University Medal on three separate occasions – in 2000, 2001 and 2006.

## Want a Great Career?

UNSW Foundation Studies gives students an edge in their undergraduate study. Many students are invited to stay on at UNSW for higher degree studies. Most students move into highly successful careers in business, government and industry in their home countries after graduation.

I chose to study here as UNSW has one of the highest engineering ranking in Australia and all that is required for you to get the best. At UNSW Foundation Studies, I have covered some of the intense subjects and increased my knowledge.

Ali Dehqani (Iran) Stream of Study: Physical Sciences  
Preferred Bachelor Degree: Civil Engineering

# A UNSW Foundation Studies Family Tradition

In 2010, Sher Rin Loh became the 6th child of the Loh family from Malaysia to attend UNSW Foundation Studies.

Sher Rin studied in the UNSW Foundation Studies Design Stream and is now studying Architecture at UNSW. "The most important things I learnt in UNSW Foundation Studies were Design and Australian history. I have to admit that the culture and lifestyle in Australia are pretty different from Malaysia and it's beginning to influence my daily life.

I'm enjoying the multicultural society, meeting new people and being independent."

Sher Rin was very happy during her time in the program, particularly with regard to the study environment.

"Facilities at UNSW Foundation Studies were good and the staff obliging and cheerful. My classes were great and the teachers were friendly, open-minded and helpful. I bonded well with my classmates and we even organised our own trips to Sydney Harbour and to other parts of the city."

Sher Rin's brother, Travis, is an alumnus of UNSW Foundation Studies. He decided to study in this program for several reasons. "My father graduated from UNSW with a Bachelors and Masters Degree in Electrical Engineering, also my brother and most of my cousins studied at UNSW Foundation Studies.

My father graduated from UNSW with a Bachelors and Masters Degree in Electrical Engineering, also my brother and most of my cousins studied at UNSW Foundation Studies.

Travis Loh (left) pictured with Sher Rin Loh

---

I remembered hearing many good things, mainly how diversified the students are at UNSW Foundation Studies which increased my interest to enrol into the program. I studied in the Standard C (October program) in 2001 and then I graduated with a Bachelor Degree in Information Technology at UTS and then finished with a Masters Degree in Digital Media at UNSW. "

Travis still has fond memories of the program. "My friends who I studied with at UNSW Foundation Studies often reminisce about the 'good old days' and we never fail to agree that UNSW Foundation Studies was, and still is, the best moment of our stay in Sydney. I liked how the teachers were attentive to my learning needs as a student and the classroom sizes were just right (not too small or too large). UNSW Foundation Studies and university have really changed my outlook on life and have instilled in me responsibilities such as time scheduling, discipline and critical thinking, as well as giving me the freedom to socialise and have a fantastic time."

The Foundation program has really improved and enhanced my presentation, time management and speaking skills. The teachers really encouraged me to voice my opinions and share ideas when brainstorming. Foundation Studies is really useful in cultivating the essential skills needed for further studies, life and future employment.

Corry Ng (Australia)  
Stream of Study: Arts | Preferred Bachelor Degree: Arts

# Programs and Entry Requirements

---

**A choice of academic programs and streams of study is available in UNSW Foundation Studies, depending on your background and intended university degree.**

The following students are welcome to apply for UNSW Foundation Studies:

- international students
- Australian citizens and permanent residents of Australia with an international educational background\*

To be admitted to any Foundation Studies program, you must meet certain academic and English language requirements, as well as minimum age of 16 years at commencement.

## Selecting Your Study Stream and Undergraduate Program

On the application form you need to nominate, in order of preference, two undergraduate programs that you would like to study (see pages 26–29 for the list of undergraduate programs). You will then be enrolled in the UNSW Foundation Studies stream that provides the best preparation for your nominated program.

## Standard Program – 9 months

To enter our Standard Program, students should have completed 11 or 12 years of schooling with good grades and a strong English language proficiency. An English language proficiency of IELTS 5.5 with minimum 5.0 in all individual skills (or equivalent) is required.

A guide to grades required for the Standard Program is listed on page 15.

## Standard Plus Program – 12 months

Our Standard Plus Program is an extended foundation program for students who do not quite meet the entry requirements for the Standard Program, above, or who may need a slightly longer academic program with a slower pace of tuition. Students should have completed 11 years of schooling (primary and high) or equivalent. For example; Year 11 in Australia, Senior Middle 2 in China, SMU 2 in Indonesia or Year 1 of the IB Diploma. An English language proficiency of IELTS 5.5 (or equivalent) is required to enter the Standard Plus Program.

## Transition Program – 4 months

To enter the Transition Program, students should normally have completed a matriculation program or a senior high school qualification, for example, A-Levels or International Baccalaureate Diploma Program. The Transition Program offers the Physical Science and Commerce/Business Streams only. An IELTS of 6.0 (or equivalent) is required.

## English Plus Program

Students whose English language score is IELTS 5.0 or equivalent are invited to apply for our English Plus Program that comprises both the UNSW Institute of Languages 10 week Pre-Foundation English course and a Foundation Studies program. English Plus can be packaged with your UNSW undergraduate degree program on a single visa.

\*See page 24 for information concerning Australian permanent residents (PRs) and citizens.

# Grades Required for Standard Program

The grades listed should be considered a guide to the entry level normally required for our Standard Program. Forecast results are acceptable where appropriate. Every application we receive is carefully considered and we may offer our Standard Plus Program to students whose school results do not meet the Standard Program requirements.

American System	High School Diploma – GPA 3.0 or B average
Australia	NSW Higher School Certificate – ATAR 65 (or equivalent in other Australian States) Students who have completed Year 11 may apply for our Standard Plus Program Note – this only applies to International Students. Australian Citizens and Permanent Residents refer to page 24 for conditions
British System/UK	IGCSE (O – levels) – B grade average
GCC Countries	Arabic Curriculum – Completion of Year 12, high average in relevant subjects
Hong Kong	HKCEE – 2 C & 2 D grades or equivalent HKDSE – Score of 11 points over 5 best subjects Form 5 school based assessment also considered
Indonesia	SMU 3 – good average in academic subjects
International Baccalaureate	Year 2 of the Diploma / Certificates with 12 points over 4 subjects
Japan	General Upper Secondary School Year 3 – B average in relevant subjects
Korea	High School / National Exam (Year 3 only): Average rank = 4
Macau	English medium schools – 65% average in Form 5 Chinese medium schools – 70% average in Form 5
Malaysia	SPM (or forecast) – B average – B6 average
New Zealand	NCEA level 2 (4 subjects, 56 points) or level 3
Peoples' Republic Of China	Senior Middle 3 (School Year 12) 80% average over main academic subjects
Russia	Certificate Secondary Education – Grade 4 average
Saudi Arabia	Tawjihiyah (General Secondary Education Certificate) 90% average in relevant subjects
Singapore	GCE O – Level (or forecast) Secondary Four (Express) – B4 average
Taiwan	Senior High School Year 3 – B Grade average (70%)
Thailand	Matayom 6 – minimum 2.2 average
Vietnam	Diploma of General Education – average grade 6.5
Other Countries	Please contact UNSW Foundation Studies office

There may be specific subject requirements, depending on your intended degree program; for example, a minimum grade in mathematics and/or science subjects may be required.

<b>Arts, Social Sciences &amp; International Studies</b>	
Academic English Computing Studies Essentials of Mathematics or Economics International Issues and Perspectives Australian Studies	Criminology, Arts, Social Science (wide range of areas of study available including business subjects), Australian Studies, International Studies (Specialisations: Globalisation, Asian, European, Language, Development, International Business Studies) Languages, Media (Communications and Journalism; Media Production; Screen & Sound), Education, Social Work, Music, Humanities, Arts/Law

NOTE: For further information on undergraduate programs consult [www.handbook.unsw.edu.au](http://www.handbook.unsw.edu.au)

\* Students aiming to study Actuarial Studies need to take Science Mathematics.

\*\* Students aiming to study Construction Management and Property and Industrial Design need to take Commerce Mathematics.

\*\*\* Students who, in the UNSW Foundation Program, successfully pass 1. the Design Course and then are accepted into any UNSW College of Fine Arts (COFA) undergraduate program, or 2. the Science stream courses and then are accepted into any UNSW undergraduate Science program, will be eligible for Advanced Standing.

‡ Mathematics C – Commerce Mathematics, Mathematics S – Science Mathematics.

# English Language Minimum Requirement

Before entering UNSW Foundation Studies, students will need to have reached a certain minimum level of English language proficiency. The minimum requirements for entry are set out below.

Other equivalent English qualifications will be considered on a case-by-case basis. Results currently accepted include Cambridge English: Advanced, GCE A levels, HK A level Use of English and STPM.

If results are not available on application, UNSW Foundation Studies accepts forecast and progressive results on a case-by-case basis. Forecast results currently accepted include IGCSE and HKDSE.

Note: IELTS and TOEFL tests must have been taken within 12 months of the enrolment date.

	IELTS*	TOEFL** (paper based)	TOEFL** (Internet) iBT	Pearson Test of English	UNSW Institute of Languages	IGCSE 0-Level English	HKDSE English
Standard Plus	5.5	513	65	46	D+	C6	2
Standard	5.5 Minimum individual scores of 5.0	513 TWE 4	65 Writing 18	46	D+	C6	2
Transition	6.0 With consistent individual scores	550 TWE 4.5	80 Writing 21	54			3
English Plus# (Pre-Foundation English + UNSW Foundation Studies program)	5.0 Minimum academic writing score of 4.5	500 TWE 3.5	56 Writing 14	38	D	D7	1

\* IELTS: International English Language Testing System. Tests are conducted in Australia at a number of locations, including UNSW Institute of Languages. For overseas students contact IDP Education Australia Offices and UNSW Global or British Council Offices. Applicants must take the Academic Module and must achieve consistent results across all bands.

\*\* TOEFL: Test of English as a Foreign Language. A TOEFL score is not acceptable without the Test of Written English (TWE) for paper-based and computer-based tests, or Writing for Internet-based test. UNSW Global is registered as a test site for the TOEFL iBT.

# Longer or shorter English language programs are also available, depending on your English level and/or preference.

# Pre-Foundation Year English

**Pre-Foundation Year English Pathway Packages allow you to apply for a single visa\* that will cover your whole period of study. This streamlines your study application process and means that you will save on visa processing costs by not needing to extend visas between study programs.**

In these Pathway Package Offers students receive the following offers, all at the same time:

- an offer for a UNSW Institute of Languages English Language program;
- an offer for a UNSW Foundation Studies program (may be conditional on English); and
- a provisional offer for their nominated UNSW undergraduate degree program.

## **Our Pathway Package Offers include:**

### **English Plus Program**

Students whose English language score is IELTS 5.0 or equivalent are invited to apply for our English Plus Program that comprises both the UNSW Institute of Languages 10-week Pre-Foundation Year English course and a Foundation Studies program. English Plus can be packaged with your UNSW undergraduate degree program on a single visa\*.

On achieving the required English language score and meeting the attendance requirements, students will proceed into the Foundation Studies program at the end of the English Plus Program.

### **English Refresher Program**

Students who meet the English language and academic requirements for entry may choose a 5-week English Refresher Program to sharpen their English language skills before beginning Foundation Studies. This program is most suited to students who may have taken their IELTS test more than 6 months ago. The package combines a 5-week term of English language with UNSW Foundation Studies and your UNSW undergraduate degree, on a single visa\*.

## **Other Pathway Package Programs**

If your English language score is lower than 5.0 IELTS or equivalent, or if you would prefer an English language program that is longer than 10 weeks, you may be eligible for a Pathway Package that combines a longer period of English language study, Foundation Studies, and your UNSW undergraduate degree, all on a single visa\*.

\*Please check the visa requirements for your country of citizenship.

The UNSW Institute of Languages is one of the largest and most prestigious language centres in Australia. It offers a wide range of specialist academic and general English courses.

Pre-Foundation Year English provides tuition in:

- study skills
- academic writing
- integrated language practice for future Foundation Studies subjects
- speaking, discussion and pronunciation
- grammar
- IELTS test preparation – if desired.

For further information on Pre-Foundation English courses and other English language programs please contact:

A UNSW Institute of Languages Application Form is on page 39.

# Student Assessment

Students are assessed throughout UNSW Foundation Studies programs in each course by assignments, tutorials and laboratory sessions, semester examinations and final examinations. Performance in each course is expressed in terms of a letter grade with an associated grade point and overall program performance is expressed as a Grade Point Average (GPA).

Letter Grades and Associated Grade Point*		
A+	10.0	
A	9.5	Excellent pass
A-	9.0	
B+	8.5	
B	8.0	Very good pass
B-	7.5	
C+	7.0	
C	6.5	Good pass
C-	6.0	
D+	5.5	
D	5.0	Moderate pass
D-	4.5	
E+	4.0	
E	3.5	Marginal achievement
E-	3.0	
F	0	Fail

Courses and Units of Credit**	
Academic English	10
Computing Studies	6
Maths (Science)	12
Maths (Commerce)	10
Essentials of Maths	8
Biology	10
Chemistry	10
Physics	10
Accounting	4
Economics	12
Legal Studies	6
Australian Studies	12
Design	12
International Issues and Perspectives	12

\* Performance in each course is expressed in terms of a letter grade with an associated grade point.

\*\* Each course is allocated a number of Units of Credit (UOC), which determine its weighting in the GPA calculation.

For course descriptions and assessment, please see our website: [www.ufs.unsw.edu.au/streams-of-study.html](http://www.ufs.unsw.edu.au/streams-of-study.html)

## GPA Calculation

The GPA is determined by averaging the grade point multiplied by the Units of Credit (UOC) for each course. For example, suppose you gained the following final grades:

Academic English	B-
Computing Studies	A-
Mathematics S	B
Chemistry	C
Biology	C+

then the GPA would be as follows:

Course	UOC	Grade	GPA Calculation
Academic English	10	B-	$10 \times 7.5 = 75$
Computing Studies	6	A-	$6 \times 9.0 = 54$
Mathematics S	12	B	$12 \times 8.0 = 96$
Chemistry	10	C	$10 \times 6.5 = 65$
Biology	10	C+	$10 \times 7.0 = 70$
<b>Total</b>	<b>48</b>		<b>360</b>

$$\begin{aligned} \text{GPA} &= \text{Total points earned divided by } (\div) \text{ the total units of credit} \\ &= 360 \div 48 \\ &= 7.5 \end{aligned}$$

# Scholarships and Awards

**UNSW Foundation Studies awards the Ross Woodham Scholarships in honour of the late founding Director, Mr Ross Woodham, a graduate of UNSW.**

The scholarships are for the most outstanding students in each major intake at UNSW Foundation Studies Sydney in each of the three following academic areas:

- Science (Physical/Life combined)
- Business
- Arts and Social Science/Design and Media (combined)

Each scholarship is valued at A\$5,000 and is offered to students (international or local) enrolling at UNSW.

In addition to these scholarships and awards, various subject prizes are given to outstanding students. These prizes are University Bookshop vouchers.

## Advanced Standing

### Design Program

Students who successfully complete the UNSW Foundation Studies program in Design, and enrol at UNSW Faculty of the College of Fine Arts (COFA), can apply for advanced standing. They will be eligible to receive 6 units of credit towards their undergraduate degree.

### Science Program

Students who successfully complete the UNSW Foundation Studies program in Science, and enrol at UNSW Faculty of Science, can apply for advanced standing. They will be eligible to receive 6 units of credit towards their undergraduate degree.

## UFS 2010 Prize Winners

Left to right: Wenjie Yang, Jonathan Chan, Corry Ng, Mr Graham Ware (Head of Science, UNSW Foundation Studies), Jon Ireland (Principal, UNSW Foundation Studies), Paul Sutton (Deputy Principal, UNSW Foundation Studies), Pui Ming Yeung, Kan Liu, Professor Graham Davies (Dean, UNSW Faculty of Engineering).

# A Scholarly Performance

**Yiu Cheung (Anson) Chan was one of four UNSW Foundation Studies Scholarship students commencing in 2010. On completion of his Foundation program, he also won the Ross Woodham Scholarship as the outstanding student in Business**

Anson, from Hong Kong, who studied the UNSW Foundation Studies Commerce/Law stream speaks of his UNSW experience. "I chose to study here because UNSW is a world-renowned and internationally recognised university. Also, my sister is studying here in UNSW and recommends this university.

The most important thing I have learnt is to appreciate and respect other cultures while studying here, as well as improving my critical thinking and interpersonal skills. I really appreciate the fact that we can learn efficiently here as there are well-equipped

facilities on campus. The learning atmosphere here is fantastic since students are encouraged to develop their own ideas instead of just following tutors instructions.

In my class, there were only 15 students which allows both teaching and learning more effectively. Moreover, whenever I am confused the lecturers and tutors are always more than happy to help. I admire this very much.

---

Convenience is another advantage studying here as UNSW has a great location. Accommodation, restaurants, clinics, post office etc are on or near the campus. The high accessibility to the CDB of Sydney allows us to experience the city life.

The longer I stay here, the more I learn, apart from improving my spoken English, I've learnt to be more independent and deal with problems on my own. I'm happy and grateful to be a student of UNSW and I'm looking forward to my second and third years here."

Pictured left to right below left:  
Mr Paul Sutton (Deputy Principal),  
Jia Ming (Mabel) Kwek, Sum Tung  
(Janice) Chai, Yiu Cheung (Anson)  
Chan, Chung Yan (Sonia) Lee,  
Mr Jon Ireland (Principal)

I really appreciate the fact that we can learn efficiently here as there are well-equipped facilities on campus. The learning atmosphere here is fantastic since students are encouraged to develop their own ideas instead of just following tutors instructions.

Yiu Cheung (Anson) Chan (Hong Kong)  
Stream of Study: Commerce | Preferred Bachelor Degree: Commerce/Law

# Australian Citizens and Permanent Residents

---

Australian citizens or permanent residents of Australia are eligible to apply for all UNSW Foundation Studies programs provided:

- they have an international educational background (most high school education outside Australia); and
- they have not completed an Australian year 12 or equivalent certificate; and
- they meet academic and English language requirements.

## Cost of UNSW Foundation Studies

All students entering UNSW Foundation Studies programs pay the same fees whether they are international students, Australian citizens or Australian permanent residents.

## Entry into UNSW Undergraduate Programs via Commonwealth Supported Places

Students enrolled in UNSW Foundation Studies may proceed to a Commonwealth Supported place at UNSW.

The grades required for Commonwealth Supported places in undergraduate programs are determined by the Universities Admissions Centre (UAC) at the time of each intake, and are dependent on the availability of places and the demand for them.

In many popular programs no Commonwealth Supported places remain for Semester 2 (July) entry because of demand at Semester 1 (February/March) enrolment.

For this reason Australian citizens and permanent residents are encouraged to enrol in a January or April UNSW Foundation Studies program which concludes in time for students to enter Semester 1 at university.

Commonwealth Supported places are in strong demand in the majority of programs and students completing UNSW Foundation Studies need to achieve high grades, equivalent to other Australian students.

## English Language Grade

The minimum English language requirement for obtaining a university place is grade C+. Some programs may require a higher grade (see list of program requirements in the current UNSW Foundation Studies Student Guide or on our website [www.ufs.unsw.edu.au](http://www.ufs.unsw.edu.au)).

## Applying to Other Universities

We will help students apply to UNSW and other universities but it should be noted that some universities may not offer places to Australian citizens or permanent residents who have studied in foundation programs.

## Cost of University Degree

For Commonwealth Supported places, student contributions are paid either up-front or are deferred and paid later through the tax system.

For further details please refer to the UNSW website: [www.unsw.edu.au](http://www.unsw.edu.au). Click on 'Future Students' and follow the links.

# Recognition of UNSW Foundation Studies

## In Australia

UNSW Foundation Studies qualifications are recognised by the Group of Eight (Go8) coalition of leading Australian universities, intensive in research and comprehensive in general and professional education. The Go8 universities are:

The University of New South Wales  
The University of Adelaide  
The Australian National University  
The University of Melbourne  
Monash University  
The University of Queensland  
The University of Sydney  
The University of Western Australia.

Most other Australian universities also recognise the UNSW Foundation Studies qualifications.

## Internationally

UNSW Foundation Studies qualifications are also recognised by many universities in the following countries as meeting, or partially meeting, their entry requirements to undergraduate programs: Canada, New Zealand, United Kingdom and United States of America.

Note: Many universities will only consider applications on a case-by-case basis, and there may be additional requirements, quotas or specific subject requirements for certain programs.

## Starting Your University Degree

### University Placement by Student Advisers

Towards the end of the UNSW Foundation Studies programs, the Student Advisers arrange a Faculty Information Day and seminars. At these events students gain first-hand information about the many

undergraduate programs the university offers, and are able to talk directly to the representatives of the different faculties. The Student Advisers are available to discuss preferences with students before university placement is made.

Once the final UNSW Foundation Studies results are released, the Student Advisers assist in the placement of students in the nominated undergraduate program.

### Undergraduate Entry

Semester 1 (February/March) and Semester 2 (July)

UNSW Foundation Studies has programs for university entry into Semester 1 (February/March) and mid-year Semester 2 (July). Main university entry is in February/March. Although many university programs offer entry in July, not all undergraduate programs are offered. See the list of programs on pages 26 – 29 for mid-year (July) entry, shown with +.

# Undergraduate Entry Requirements

Please refer to the UNSW Online Handbook ([www.handbook.unsw.edu.au](http://www.handbook.unsw.edu.au)) for the program structure and requirements.

#### Semester Key:

+ Entry to these programs is available twice a year - in February and July.

#### Notes Key:

- 1 Interview, composition, portfolio or other criteria during or at the end of UNSW Foundation Year.
- 2 Students commencing mid-year (July) may not be able to take introductory language study in their first semester.
- 3 Quotas apply.
- 4 Assumed knowledge in Mathematics. Please refer to the UNSW website for more information ([www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html](http://www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html)).
- 5 Assumed knowledge in Mathematics, Physics and Chemistry. Please refer to the UNSW website for more information ([www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html](http://www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html)).
- 6 Interview and medical examination required during UNSW Foundation Year.
- 7 Undergraduate Medicine and Health Sciences Admission Test (UMAT) is required. No particular GPA score by itself guarantees admission.
- 8 Assumed knowledge Chemistry or in one of Mathematics, Physics or Biology. Please refer to the UNSW website for more information ([www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html](http://www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html)).
- 9 Assumed knowledge in Mathematics and Science. Please refer to the UNSW website for more information ([www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html](http://www.unsw.edu.au/futurestudents/undergrad/sad/assumedknowledge.html)).
- 10 Certain restrictions apply. Not all subjects are available mid-year.
- 11 Students commencing mid-year (July) may need to take compulsory summer session studies.
- 12 Mid-year entry into this program may mean that the degree program will take longer than the minimum time.
- 13 Students must complete the 2 year Master of Architecture degree (M.Arch, program code 8143) to be a professional Architect (subject to UNSW admission criteria).
- 14 No set GPA is applicable to this program due to quotas and/or other requirements.
- 15 Students wishing to take Actuarial Studies as a major in B.Commerce must complete Mathematics for Science in UNSW Foundation Year program.
- 16 Additional requirements may apply.
- 17 Mid-year intake available when Engineering program allows it.
- 18 A very high grade in Mathematics for Science is necessary to cope with the Mathematics courses required in the Advanced Mathematics program.
- 19 Science and Advanced Science majors are under review for 2012. For the most up-to-date information on available majors, please see staff in the Science Student Centre on campus.

#### Disclaimer:

UNSW Foundation Studies takes every care to ensure this information is correct at the time of printing. However, requirements can change from time to time, and students should refer to the most current information at: [www.unswglobal.unsw.edu.au/GPA.pdf](http://www.unswglobal.unsw.edu.au/GPA.pdf) before making final decisions about their studies.

# Student Support Services and Accommodation

---

**UNSW Foundation Studies has a team of Student Advisers who offer friendly support to students during their studies. Support is especially important when students first arrive in Australia and are settling in.**

## Student Support

To welcome all new students, Student Advisers organise an orientation program to meet teachers and to give information about studies, as well as details of student visa requirements. Tours of the UNSW campus and Sydney are also offered. Orientation provides a great opportunity for students to meet one another and make friends before formal classes begin.

Throughout a student's program, Student Advisers organise weekly team sports and outings to places of interest in and around Sydney, as well as extended trips during the holidays.

## Clubs and Societies

On the UNSW campus, there are over 30 sports clubs, which train and participate in competitions throughout the year. Participation in sports is a great way to meet people with the same interests and develop personal skills. Sport helps balance academic study.

There are other clubs and societies on campus including music, debating, theatre, science fiction, politics, religion, the environment and many more.

## Extra Tutoring

The UNSW Foundation Studies team is committed to helping all students reach their full potential and complete their program to the highest standard. As part of this commitment, we offer additional consultation sessions outside class time.

These additional sessions provide students with the opportunity to speak to their teachers about their studies. These sessions are scheduled during the year, and when examination time is approaching. Every student has the opportunity to benefit from this extra tutoring.

## Online Services

The UNSW Foundation Studies student intranet can be accessed from anywhere in the world at any time. It provides access to a variety of services and information such as online learning, the academic calendar and timetables, student handbooks, news and information on student activities, and a secure area which allows access to assessment details and grades. The student intranet also enables students to confirm their UNSW preferences online as they move from UNSW Foundation Studies into their UNSW undergraduate degree course.

---

## Accommodation Assistance

UNSW Foundation Studies has an Accommodation Officer who looks after all students, especially those under the age of 18. The Officer meets with students on a regular basis to discuss any concerns they may have regarding accommodation.

A wide range of short and long-term accommodation is available for students.

This includes staying at our Residential College (Unilodge@UNSW); Homestay with an Australian family; or, if you are over 18 years of age, renting a flat with other students.

The Accommodation Officer can assist in arranging an airport reception and transfer service for students arriving in Sydney who do not have any friends or relatives to meet them.

Family, friends and students are welcome to contact the Accommodation Officer about any of these matters. Further information can be found on our website: [www.ufs.unsw.edu.au](http://www.ufs.unsw.edu.au)

The UNSW Foundation Studies team is committed to helping all students reach their full potential and complete their program to the highest standard. As part of this commitment, we offer additional consultation sessions outside class time.

# Residential College

UNSW Foundation Studies can provide secure accommodation of the highest quality in our Residential College in Kensington. Our Residential College (also known as UniLodge@UNSW) is specifically designed for UNSW Foundation Studies students, and is ideal for under-18-year-olds.

The UNSW Foundation Studies Residential College can accommodate over 230 students in a mix of furnished serviced apartments ranging in size from studios through to five-bedroom shared apartments.

Just five minutes walking distance from the campus, the Residential College has a high-security entrance with restricted access to each residential floor, and a 24-hour security service. In addition, it has on-site

All-inclusive costs per week per person for the Residential College:		AUD
Multi-share apartments with air conditioning (three to five bedrooms)		
Standard	shared bathroom	\$361.60
Superior	private bathroom	\$369.60
Deluxe	private bathroom and shared balcony	\$379.60
Premium	private bathroom and private balcony	\$389.60
Two-bedroom apartments with air conditioning		
Standard	shared bathroom	\$393.60
Studio apartments with centralised air conditioning		
Small	private bathroom	\$404.60
Medium	private bathroom and shared balcony	\$414.60
Large	private bathroom and balcony	\$424.60
Studio apartments with air conditioning		
Deluxe	private bathroom and balcony	\$449.60

---

management and live-in Residential Advisers who provide a high level of care for students. Please note that the Residential College apartments are alcohol free premises.

The weekly rates are inclusive of full rental, all utilities (electricity, water, gas, etc.), fortnightly apartment cleaning, linen and laundry services, telephone and data connection, and 24 hours security.

The Residential College apartments are fully-equipped: each with a television, refrigerator, microwave oven, and cook top. Regular cleaning and linen services are provided. Each bedroom is single occupancy with its own lock and telephone, and with connection for television and high-speed broadband internet (UNSW Uni-Web). Many apartments have private bathrooms, balconies, and air conditioning.

The residential complex also contains communal study and recreation areas and adjacent commercial outlets such as cafés, convenience stores and banking facilities.

For further information, or to apply for a place in the UNSW Foundation Studies Residential College (UniLodge@UNSW), please go to [www.unilodge.com.au/unsw](http://www.unilodge.com.au/unsw)

# How to Apply

## To apply for entry to our programs, simply follow these steps:

1. Decide on your preferred program of study.
2. Complete the Application Form and submit it along with your supporting documents to Student Services via our website, by email: [admissions@unswglobal.unsw.edu.au](mailto:admissions@unswglobal.unsw.edu.au) or Fax: 61 2 9662 2651.
3. When you receive your Letter of Offer, check the details in the offer carefully and make sure you read and understand the Conditions of Enrolment applicable to your enrolment.
4. Accept the Letter of Offer by signing the Acceptance Agreement form and return it together with the applicable payment.
5. Contact the Australian Diplomatic Mission in your home country for visa requirements and to make arrangements for your travel and study in Australia.

The Application Form and other required documents need to be forwarded to UNSW Foundation Studies either directly or to one of the UNSW offices listed on page 44, or through any of our authorised representatives.

Your application must include:

- your completed Application Form with attached documents, such as passport or visa requirements; and
- certified copies (with certified English translations where appropriate) of your school results, and English Language test scores if required.

UNSW Foundation Studies will normally reply to you within 2 working days of receiving your application.

Further information and advice on how to apply for admission can be obtained from the UNSW Foundation Studies website at [www.ufs.unsw.edu.au](http://www.ufs.unsw.edu.au) or from the UNSW offices listed on page 44.

## Other Important Enrolment Information

Below you will find information on other issues that may influence your enrolment with UNSW Foundation Studies.

A comprehensive list of our policies and procedures can be found on our website at [www.ufs.unsw.edu.au](http://www.ufs.unsw.edu.au)

## ESOS Framework

International Students are protected by the Australian Government through legislation, the Education Services for Overseas Students (ESOS) Act 2000 and the National Code 2007.

A full description of the ESOS framework can be found at the following web link: [www.studyinaustralia.gov.au/ArticleDocuments/86/en-ESOSFramework.pdf.aspx](http://www.studyinaustralia.gov.au/ArticleDocuments/86/en-ESOSFramework.pdf.aspx)

## Students with School Age Dependants

Prospective international students should note that all school-age dependants who accompany them must attend school whilst in Australia. These school-age dependants will be required to pay full fees if enrolled in a government or non-government school.

## Student Deferral, Suspension and Cancellation of Enrolment

Students can defer commencement of their course or temporarily suspend their enrolment once they have commenced studies in certain limited compassionate and compelling circumstances.

When deferral, suspension or cancellation of enrolment is rejected, students have the right to appeal the decision. Deferral, suspension or cancellation of enrolment might affect the student visa. Students should contact Student Services to discuss their individual situation.

Please remember that all requests for deferral, suspension or cancellation of enrolment must be made in writing to Student Services.

## Attendance

For students on student visas, the Department of Immigration and Citizenship (DIAC) requires the Institution to monitor students' attendance. Your visa is conditional on your attendance in class being no less than 80%. Any student whose attendance is less than 80% must be reported to DIAC. Students who receive a warning letter about attendance should respond to it immediately.

## Overseas Students Health Cover (OSHC)

It is compulsory for International Students on student visas to have medical cover for the proposed duration of their Student Visa, provided through one of the approved Australian providers of the OSHC scheme. This coverage can be arranged for you on enrolment or you may organise it on your own.

# Conditions of Enrolment

**UNSW Global Pty Limited is a leader in the provision of education, training and consulting services. It is a not-for-profit, wholly owned enterprise of the University of New South Wales.**

UNSW Global is recognised internationally and comprises a number of education groups acknowledged for their educational excellence and teaching quality. The education groups include UNSW Foundation Studies which is Australia's leading provider of university preparation programs and UNSW Institute of Languages which was Australia's first university language centre.

The Conditions of Enrolment for UNSW Foundation Studies and UNSW Institute of Languages explain students', parents' and guardians' rights and responsibilities, as well as UNSW Global's responsibilities.

The Conditions of Enrolment cover the following areas:

- Enrolment
- Attendance
- Student welfare
- Withdrawing from your course of study
- Course fee and Other Refunds
- Complaining & appealing decisions about your studies that you do not agree with
- Your privacy as a student

- Personal information we collect: why we need it and what we do with it
- Notifying us when you change your address
- Care Arrangements for International Students under 18 years of age
- Minimum age requirements
- Variations of these Conditions of Enrolment.

Before you apply to study with us you must read through the Conditions of Enrolment at: [www.unswglobal.unsw.edu.au/coen.pdf](http://www.unswglobal.unsw.edu.au/coen.pdf)

It is very important that you read and understand these before you enrol to study with us so that you fully understand your responsibilities as a student at UNSW Global. It is also important that we make clear our responsibilities as your Australian education provider.

These Conditions of Enrolment will form part of your enrolment contract with UNSW Global.

Other ESOS information and Policies and Procedures can be found at: [www.unswglobal.unsw.edu.au/ESOS.html](http://www.unswglobal.unsw.edu.au/ESOS.html)

All fees are in Australian Dollars \$AUD.

# UNSW Foundation Studies Application Form

## 1. Personal Details (as in passport)

Family Name:		Given Name:	
Other Names (i.e. your English name, if any):			
Birthday (DD/MM/YEAR):		Male <input type="checkbox"/> Female <input type="checkbox"/>	
Country of Birth:	Nationality:	Passport No.:	
Please attach a copy of the first page of your passport which shows your photograph.			
Will you be under 18 on arrival? Yes <input type="checkbox"/> No <input type="checkbox"/>			

\*Please note: if you are under 18 years of age on commencement of study, certain visa regulations apply.

## 2. Citizenship

Are you a citizen of Australia	Yes* <input type="checkbox"/>	No <input type="checkbox"/>	New Zealand	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Are you a temporary resident of Australia	Yes* <input type="checkbox"/>	No <input type="checkbox"/>	New Zealand	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Are you a permanent resident of Australia	Yes* <input type="checkbox"/>	No <input type="checkbox"/>	New Zealand	Yes <input type="checkbox"/>	No <input type="checkbox"/>

If you ticked Yes to any of the above questions, you will need the following:

- Attach evidence of Australian Citizenship/Permanent Residency status
- Attach the Australian Student Statement available at [www.ufs.unsw.edu.au/documents/Australian\\_Student\\_Statement.pdf](http://www.ufs.unsw.edu.au/documents/Australian_Student_Statement.pdf)

Are you currently holding a valid Student Visa to study in Australia? Yes <input type="checkbox"/> No <input type="checkbox"/>	
If yes, please choose one of the following <input type="checkbox"/> High School <input type="checkbox"/> ELICOS <input type="checkbox"/> Foundation <input type="checkbox"/> Packaged Foundation and University	
Student Visa Expiry Date (DD/MM/YEAR):	

## 3. Home/Postal Address (must be student's address, not agents address)

Address in Home Country (compulsory):			
City:	State:	Postcode:	Country:
Telephone:	Fax:	Email:	

### Address in Australia (if known)

Address in Home Country (compulsory):			
City:	State:	Postcode:	Country:
Telephone:	Fax:	Email:	

## 4. Preferred Commencement of UNSW Foundation Studies Program (list two programs in order of preference)

Preference ONE – Program:	Preference TWO – Program:
Start date (DD/MM/YEAR):	Start date (DD/MM/YEAR):

Program	English Plus with Standard	Standard Plus	Transition	Standard	English Plus with Standard Plus
Start Dates	3 January 2012	18 January 2012	15 February 2012	3 April 2012	16 April 2012
	2 July 2012	18 July 2012	29 Aug 2012	3 October 2012	15 October 2012
	7 January 2013	16 January 2013			

## 5. Preferred Stream

<input type="checkbox"/> Physical Science	<input type="checkbox"/> Life Science	<input type="checkbox"/> Commerce/Business	<input type="checkbox"/> Design/Fine Arts, Media and Building
<input type="checkbox"/> Arts, Social Sciences and International Studies			

Please ensure your preferred stream is appropriate for your intended degree.

## 6. Intended Bachelor Degree

List programs in order of preference from the university programs.

University Program	Majors	Code
1.		
2.		

## 7. Previous Study

1. Name of Secondary School:	Country:
Level of Study:	Year Completed:
2. Name of Post-Secondary/Tertiary Institution:	Country:
Level of Study:	Year Completed:

Note: Please attach original certified copies of your academic transcripts.

## 8. Overseas Student Health Cover (OSHC)

You must maintain OSHC for the proposed duration of your student visa. UNSW Foundation Studies can arrange visa-length cover with OSHC Worldcare, its preferred provider of OSHC.

Yes, please arrange:  Single rate OSHC for myself OR  Family rate OSHC for myself and my dependant/s

The length of OSHC will be calculated and advised, depending on your proposed enrolment period.

No, I will make my own arrangements for the duration of my student visa

If you have a current OSHC, please quote your OSHC policy number: \_\_\_\_\_ and expiry date: \_\_\_\_/\_\_\_\_/\_\_\_\_

## 9. English Language

If you have taken an IELTS or TOEFL test, please give details and attach a copy of the test result if available.

I have the following test result: IELTS Score: \_\_\_\_\_ Date: \_\_\_\_\_ Test report form no.: \_\_\_\_\_  
TOEFL Score: \_\_\_\_\_ TWE/Writing Score: \_\_\_\_\_ Date: \_\_\_\_\_

I will be sitting for a test: Test Name: \_\_\_\_\_ Date: \_\_\_\_\_ Test Centre: \_\_\_\_\_

Are you currently studying or do you intend studying an English Language Course before your Foundation Program? Yes  No

Have you previously studied in Australia? Yes  No

If you answered Yes to either question, please give details of these other programs below.

Start Date: \_\_\_\_\_ Finish Date: \_\_\_\_\_

Duration (English, high school etc.): \_\_\_\_\_ Type of Program: \_\_\_\_\_

## 10. Other Information

How did you hear about UNSW Foundation Studies?

# UNSW Global & Our Office Network

## UNSW Global

UNSW Global Pty Limited is a market leader in the provision of education, training and consulting services. UNSW Global is a not-for-profit, wholly owned enterprise of the University of New South Wales.

UNSW Global is recognised and acknowledged internationally for providing quality global education activities that enable the best and brightest students to achieve their educational and professional goals, and access academic pathways to UNSW.

UNSW Global comprises a number of business groups:

**UNSW Foundation Studies** – offers Australia's premier university preparation programs. Established in 1988, it is the longest running provider of pre-university programs in Australia. It offers students a smooth transition into undergraduate studies.

W: [www.ufs.unsw.edu.au](http://www.ufs.unsw.edu.au)  
E: [admissions@unswglobal.edu.au](mailto:admissions@unswglobal.edu.au)

## UNSW Institute of Languages

– is the most comprehensive English and language training and testing organisation in Australia. Established in 1966, it was the first, and is still one of the largest university language centres in Australia.

W: [www.languages.unsw.edu.au](http://www.languages.unsw.edu.au)  
E: [admissions@unswglobal.edu.au](mailto:admissions@unswglobal.edu.au)

## Educational Assessment

**Australia** – is a leading international educational assessment organisation specialising in large-scale assessment programs in Australia and countries in Asia, Africa, the Pacific Region and the USA.

W: [www.eaa.unsw.edu.au](http://www.eaa.unsw.edu.au)  
E: [info@eaa.unsw.edu.au](mailto:info@eaa.unsw.edu.au)

## Expert Opinion Services

– provides expert advice and independent opinion services to the legal, insurance and business sectors in Australia and internationally.

W: [www.expertopinion.com.au](http://www.expertopinion.com.au)  
E: [experts@eos.unsw.edu.au](mailto:experts@eos.unsw.edu.au)

## UNSW Global Networks and Recruitment

– manages the UNSW Offshore Network in Hong Kong, India, Singapore, Thailand and Vietnam as well as aec Education Consultancy in Hong Kong. It is also responsible for international student recruitment.
