

# Facts & Figures

## 2011/2012

### Senior Staff and Court

#### Principal & Vice-Chancellor

Professor Dame Joan K Stringer DBE

#### Senior Staff

Professor John Duffield

(Vice Principal Strategy, Resources & External Relations)

Professor Alistair Sambell

(Vice Principal Academic, from April 2012)

Dr Gerry Webber (University Secretary)

Dr Sandra Cairncross

(Dean of the Faculty of Engineering, Computing & Creative Industries)

Professor Morag Prowse

(Dean of the Faculty of Health, Life & Social Sciences)

Professor George Stonehouse (Dean of the Business School)

#### Chairman of University Court

Professor George Borthwick CBE (until July 2012)

#### Chancellor

Tim Waterstone

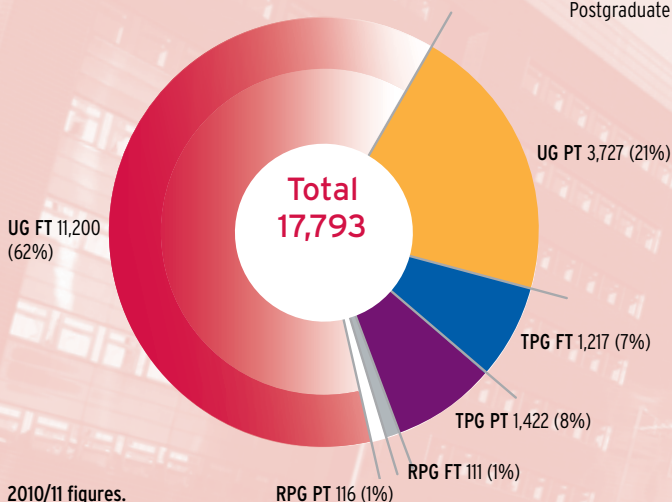

### Vision

By 2015 we will be established as one of the leading, modern professional universities in the United Kingdom. We will have an international reputation for the employability of our graduates and for expertise which can be used to directly enhance the lives and prospects of people and their communities.

We will achieve our vision through academic excellence; developing confident employable graduates; creating, exploiting and transferring knowledge; being committed to internationalisation; working in partnership and operating at the highest organisational standards.

### Student numbers

FT = Full-time  
PT = Part-time  
UG = Undergraduate  
TPG = Taught Postgraduate  
RPG = Research Postgraduate

2010/11 figures.

### Student statistics

UK & EU students	12,696	71%
Overseas students	5,097	29%
Edinburgh (EH postcode)	5,757	32%
Hong Kong*	2,428	14%
People's Republic of China*	1,137	6%
India*	703	4%

\*numbers include students studying overseas. 2010/11 figures

Female:	9,864	55%
Male:	7,929	45%

Under 18:	319	(2%)
18-20:	4,183	(23%)
21-24:	6,250	(35%)
25-29:	2,822	(16%)
30+:	4,189	(24%)

### Key educational partners

#### China

Shandong University of Finance  
Zhengzhou University of Light Industry  
Shanghai Normal University  
University of International Business & Economics  
Northeast Normal University  
Harbin University of Commerce  
Liaoning University of Technology  
Changsha University of Science & Technology  
Nanjing Audit University  
Xi'an Technology University  
Renmin University  
Canvard College, Beijing  
Hebei University of Technology  
Pearl River College, Tianjin  
Zhengzhou University Nursing College

#### Hong Kong

Hong Kong University SPACE  
City University of Hong Kong SCOPE

#### India

Institute of Advanced Management Kolkata  
International Institute of Hotel Management  
Sikkim Manipal University  
Manipal University

#### Malaysia

TAR College, Kuala Lumpur

#### North America

State University of New York  
William Paterson University  
George Brown College  
Centennial College

#### Russia

People's Friendship University of Russia, Moscow

#### Singapore

Singapore Human Resource Institute  
Asia Global Graduate School  
CSM Academy International

### Structure

#### Faculty of Engineering, Computing & Creative Industries (FECCI)

##### Schools of:

Computing,  
Engineering & the Built Environment,  
Arts & Creative Industries.

#### Faculty of Health, Life & Social Sciences (FHLSS)

##### Schools of:

Life, Sport & Social Sciences,  
Nursing, Midwifery & Social Care.

#### The Business School

##### Schools of:

Accounting, Financial Services & Law  
Management,  
Marketing, Tourism & Languages.

### Faculty statistics

Faculty	Students	Staff
The Business School	7,398 (42%)	208
FECCI	4,714 (26%)	505
FHLSS	5,441 (31%)	317
Other (Professional Services)	240 (1%)	582
<b>Total</b>	<b>17,793 (100%)</b>	<b>1612</b>

2010/11 figures. Staff numbers subject to variation.

### Edinburgh Napier Alumni

**Total Active Alumni: 67,220**  
**UK Alumni: 49,745**  
**International Alumni: 17,475**

Tavish Scott MSP, BBC broadcaster Catriona Shearer, photographers David Eustace and Colin Baxter and film director Lynne Ramsay are amongst the Edinburgh Napier University Alumni family.

Edinburgh Napier confers honorary degrees on distinguished individuals across a wide range of fields. Those recognised include Sir Sean Connery, J K Rowling OBE, Sir Bill Gammell, Prof Anne Glover CBE, Dr Nigel Planer, Dr Christopher Brookmyre, Sir Peter Maxwell-Davies and Dr Lindsay Stewart OBE.

### Graduate employability

At Edinburgh Napier we provide our students with industry informed courses which combine the optimum balance of theory and practice, so that our graduates can "hit the ground running" with their careers.

Edinburgh Napier is the only UK Higher Education Institution to offer a programme, titled *Confident Futures*, which develops employability skills sought by employers. Edinburgh Napier's Employer Mentoring Programme, part of the *Towards a Confident Future* project, was awarded Mentoring Project of the Year at the Scottish Mentoring Network conference 2011.

93.2% of our undergraduate students are in jobs or further study six months after graduating. (HESA 2009/10)

We are one of the UK's top five universities for Value Added, a measure of students' qualifications at entry against the honours degree results they go on to achieve. Guardian University Guide 2012.

### Widening access

Edinburgh Napier has a long tradition of working with partners to build aspirations for higher education amongst those from low participation neighbourhoods and/or non-traditional backgrounds. Community engagement activities take place in schools, colleges and community settings. The development of 'articulation routes' in particular have helped to widen access to higher education.

Edinburgh, Lothians, Fife and Borders Regional Articulation Hub (ELRAH) is one of five Regional Articulation Hubs funded by the Scottish Funding Council and led by Edinburgh Napier to support articulation.

In 2010/11, 1,002 students joined Edinburgh Napier directly from a Scottish College.

### Enhancement-led Institutional Review

The Quality Assurance Agency carried out an Enhancement-led Institutional Review (ELIR) of Edinburgh Napier in May 2011, reporting overarching confidence in our management of academic standards and the quality of the student learning experience.

Identified areas of positive practice are:

- Student partnership
- Student feedback
- Staff development
- Quality Framework
- Quality enhancement

### Business services

We have nine dedicated Institutes for Research & Innovation to streamline business access to our services and provide a rapid, responsive, customer focused service.

- Edinburgh Institute
- Employment Research Institute
- Institute for Science & Health Innovation
- Institute for Creative Industries
- Institute for Informatics & Digital Innovation
- Institute for Product Design & Manufacture
- Institute for Sustainable Construction
- Forest Products Research Institute
- Transport Research Institute

### Business Innovation Exchange

To further support the Institutes of Research and Innovation, Edinburgh Napier has led the establishment of a Business Innovation Exchange (BIE) to help make their expertise available to businesses.

BIE is a collaborative partnership with Queen Margaret and St Andrews universities that builds on the 2kt and 2kt+ knowledge transfer projects. Seven Business Development Executives, five based at Edinburgh Napier, and dedicated support staff will help Small to Medium-sized Enterprises tap in to universities' academic knowledge, facilities and intellectual property. BIE supports the Scottish Government's drive to increase innovation among SMEs and has received SEEKIT grant funding and a European Regional Development Fund grant.

### Environmental expertise

Edinburgh Napier has been ranked the top university in Scotland for our environmental credentials by the People and Planet Green League 2011 for the second consecutive year.

We are committed to reducing our carbon footprint. This includes changes to the way we heat, light and use our buildings, investigating more sustainable methods of transport and reducing our water consumption and landfill waste.

We have been awarded the Carbon Trust Standard after achieving a 19% reduction in our carbon emissions between 01/08/06 - 31/07/09. The Standard is a mark of excellence and proves that we are committed to reducing our carbon footprint. Our five year carbon management plan takes us to 2013, where we aim to have reduced our carbon emissions by 25% from 2006/7 levels.

### Environmental credentials

We focus on renewable energy and sustainability. Our expertise includes:

- Energy and environmental auditing/assessment
- Energy monitoring & systems modelling
- Renewable systems design & integration
- Fuel cells and hydrogen
- Energy materials characterisation
- Biofuels development and processing
- Hydro-electric generation
- Site energy assessments
- Thermal performance assessment of buildings and materials
- Infra-red thermography
- Building envelope defect diagnosis and building pathology
- Process energy heat loss mitigation
- Air leakage testing

### Estates

Edinburgh Napier has three main campuses at Craiglockhart, Merchiston and Sighthill. We also have smaller sites outside the city at Livingston and Melrose which are used by our nursing placement students.

As part of our £100m investment in our estates our Sighthill Campus opened in January 2011. Merchiston Campus will now also be refurbished and will bring our Faculty of Engineering, Computing & Creative Industries under one roof for the first time. The project will be completed by early 2013 and has already received a BREEAM rating of 'very good', the highest award for a refurbishment project.

A £30m extension and refurbishment of the University's Craiglockhart Campus was completed in 2004.
