As the Awards Guide for Entering Students is published a considerable time before the beginning of the academic year, circumstances may arise that dictate changes to a listed award. Changes may range from adjustments to the number or dollar value to an award's suspension or permanent cancellation. The University of Saskatchewan reserves the right to make such changes without notice. Listing an award in the Awards Guide does not guarantee that it will be awarded. For a complete and up-to-date award listing, visit explore.usask.ca/awards.

New this year!

As an entering student to the U of S, you can receive two types of awards: Guaranteed Entrance Scholarships, which are awarded automatically based on your Grade 11 and 12 marks and Competitive Entrance Awards, which you apply for and compete for among your peers.

You've worked hard for your academic success in high school, and we want to recognize your achievements. So, beginning this year, instead of one or the other, you can receive both a Competitive Entrance Award and your guaranteed, automatic entrance scholarship of up to \$3,000!

(If you're selected for more than one Competitive Entrance Award, you will be asked to choose which award you wish to accept.)

Transfer Student Scholarships

If you are a transfer student, someone with 18 or more transferrable credit units to the U of S, you could be considered for a Transfer Student Scholarship! Simply apply for admission, submit your \$90 application fee and send us your marks. For details and deadlines, visit:

Competitive Entrance Awards

What are Competitive Entrance Awards?

Have you contributed to a school club? Have musical accomplishments? Are a star athlete? There could be a Competitive Entrance Award for you!

Competitive Entrance Awards recognize your academic achievement, financial need, and contributions to school and community life. Awards include:

- **SCHOLARSHIPS** – awarded based on your academic achievement and may take your school and community activities, leadership or other criteria into consideration.
- **BURSARIES** – awarded based on your financial need and may take your academic achievement into consideration as well.
- **PRIZES** – awarded based on your specific achievements (e.g., science fair project) and could be monetary or an item, such as a book.

Who is eligible?

You are eligible to apply for Competitive Entrance Awards if:

- You are a Grade 12 graduate coming directly to the U of S, or
- You have already completed high school and have less than 18 transferrable credit units

In order to be considered you must submit the following by February 15*:

- Application for Competitive Entrance Awards
- Application for Admission
- \$90 application fee

And the following by March 15*:

- Your up-to-date transcript including Semester One final grades and/or January midterm marks for non-semestered subjects
- Supporting documentation, as outlined in each Competitive Entrance Award listing

* In the event that an awards deadline falls on a weekend or holiday, the deadline will be moved to the following business day.

How is my Competitive Entrance Awards Average calculated?

Your Competitive Entrance Awards average considers your five best subjects, as completed by the end of Semester One of Grade 12, according to specific criteria. Your awards average is calculated similarly to your admission average. To view how your admission average is calculated, visit the province-specific links at:

explore.usask.ca/admission

When will you hear from us?

If you are selected to receive a Competitive Entrance Award, you will be mailed a notification package as early as April 2012.

Supporting Documents

Tips for submitting supporting documentation for Competitive Entrance Awards

Cover Letter

Provide a cover letter with your supporting documents that includes your:

- contact information, including your email address
- University of Saskatchewan student number, if known
- Application for Competitive Entrance Awards reference code
- list of awards
- list of package contents

List of Activities

Your lists of community and school involvement, athletic ability and leadership activities should be:

- concrete, with clear examples
- dated, with a time-frame listed for each activity
- unique, tailored to each award's specific criteria

Reference Letters

- **CHOOSE YOUR REFERENCES CAREFULLY**
Choose someone who can express themselves well in writing and who has known you long enough to describe your positive attributes in detail. Letters should not be from family members.
- **INFORM YOUR REFERENCES**
Provide your reference with lots of information about you, as it relates to your awards application. With a résumé and awards listing in hand, your reference's letter will be stronger and more relevant. Let them know your deadline, and provide them with lots of time.
- **ONE SIZE DOESN'T FIT ALL!**
Have your references write letters specific to the award.

- **SUBMIT REFERENCE LETTERS WITH OTHER AWARDS DOCUMENTS**

There is no need to send them in separate envelopes, signed and sealed or directly from the references themselves.

- **PROOFREAD YOUR REFERENCE LETTERS**
Some references write several reference letters for different students. Make sure the letters describe you.

- **THANK YOUR REFERENCES**
Send a thank you note, drop in and see them, or whatever you like!
